CRAFTSMANSHIP | EXCELLENCE | EFFICIENCY | EXPERIENCE | EXPERTISE

RITTER

CUSTOM HOMES

BUILDING RELATIONSHIPS THAT LAST LONG AFTER THE JOB IS DONE.

You deserve professionals dedicated to building a reputation as reliable and trustworthy as your new home, addition, or renovation. Ritter Custom Homes utilizes first-class design, construction, and a wealth of experience to build new or transform your current residence into a place of comfort, beauty and style.

THE HOME OF YOUR DREAMS REQUIRES A TEAM WITH EXTENSIVE EXPERIENCE.

Our team begins by listening intently to your specific desires, asking the right questions to ensure every detail of our solution reflects your personality and preferences. Working with your architect or ours, we're famous for our unique ability to collaborate, offering great ideas and translating your vision into innately livable spaces.

Our leadership team brings generations of custom home-building experience to your project. We choose the best tradesmen and suppliers in the industry, who take great pride in delivering extraordinary attention to detail.

We combine a national perspective on design and technology trends with a deep knowledge of Birmingham, Bloomfield, Beverly Hills, and other Detroit Metro area communities. We are experts in navigating the codes, rules, and regulations of your municipality and HOA.

Always sensitive to budget parameters and production timelines, we regularly inform you of project progress every step of the way. Proactive, responsive communication helps you relax and enjoy the process.

CONTACT US TODAY FOR A FREE CONSULTATION.
And discover the luxury of a builder with your best interests at heart.
